ABOUT US

Boulevard Engineering Consultancy is the band name of Satoor Consultancy Engineering, established in 2017 by a professional Omani leadership team, and the specializations and experiences of the Boulevard's employees are its real capital, which exceeds 25 years in the field of developing and leading projects.

Vision

providing various engineering services; For a life that bears a future outlook and a distinctive character.

Message

Providing a high level of services and creative designs in the architectural field and contributing to providing ideal engineering solutions that meet the expectations of customers.

Goals

1. Providing the most innovative engineering solutions that meet customer expectations.
2. To introduce our services to the market within the next five years.
3. Implementation of projects with high quality and within the specified time for the project
